*Ref: Planning Application MO/2007/0863*

*Dear Sir/Madam*

*Although I am not a current resident of Ashtead, I would like to take this opportunity to wholeheartedly offer my support of the above planning application.*

*Although I am not a serving member of Her Majesty's Armed Forces, I have been unfortunate enough to have known soldiers that have been patients at Headley Court. All have said how they have been struck by the peace and tranquillity the area afforded them. I could think of no better place for someone to begin the long process of recuperation and rehabilitation.*

*Equally deserving of respect and support were the relatives and close family of those who had been severely injured. To see the quiet resolve with which these people faced an uncertain future, with their loved ones, was humbling to say the least. That is why I firmly believe the correct and morally right decision would be to allow the application for a change of use to be accepted.*

*With regards,*

*Carole Adair*
