Dear Lesley Westphal.

I have recently been appraised of the situation regarding 36 Grays Lane, Ashtead, Surrey, KT21 1BU.  
Planning Application Reference No: MO/2007/0863

I have never been a patient of Headley Court although I have dropped off and collected many of my broken friends so that they could be repaired and sent back to the fray. The work done by SSAFA is without doubt one of the most important parts of the healing process for the soldiers AND families. The knowledge that people are there to support and lend a hand when needed, including accommodation when required goes some way to relieving one of the burdens facing all in times of injury.

This facility is vital to the forces and any attack on its infrastructure and associated services/friends leaves me wondering if it is worth sacrificing soldiers so that we can all be free to take away what little comfort they get thanks to the many government cuts.

This Change of Use Application must be fully supported by all, at the very least, would it not be unpatriotic to vote otherwise?

Yours Sincerely,  
Malcolm J Holden
